

Mississippi Agricultural and Mechanical College Experiment Station, Vol. 21: I. Insects Injuries to the Cabbage, II. a New Method for Testing Milk, III. Feeding for Milk and Butter, Agricultural College, Miss. Jun, 1892

By Howard Everts Weed

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Mississippi Agricultural and Mechanical College Experiment Station, Vol. 21: I. Insects Injuries to the Cabbage, II. A New Method for Testing Milk, III. Feeding for Milk and Butter, Agricultural College, Miss. Jun, 1892 The cabbage crop of the south is especially subject to damage by insects, the species described in this bulletin having been observed on the crop grown at the Station in 1891. The aim has been to make the description of each species concise, but at the same time to give sufficient of the characteristic appearance of each to enable those interested to readily, recognize the different kinds attacking their cabbage, and the accompanying illustrations will aid much toward this end. Part of the illustrations have been obtained from the U.S. Department of Agriculture, through the kindness of Dr. Riley. Figs 1, 3-12, 16, 17-18, are after Riley; Fig. 13 after C. M. Weed; while Figs. 2, 14, 15, are original. A straight line at the side of an illustration indicates the natural length of the insect. The safe and economical destruction of...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dr. Barney Robel Jr.
