

## Dealing with Global Terrorism: The Way Forward

---

By Vinod Saighal

New Dawn Press. Paperback. Book Condition: new. BRAND NEW, Dealing with Global Terrorism: The Way Forward, Vinod Saighal, Highlighting the changing nature of conflict, this book examines the menace of global terrorism in terms of how nations have responded to the growing threat. Issues considered include how a small group of terrorists can force disproportionately large deployments and how nations hover between retaliatory insufficiency and retaliatory overkill. The argument is presented that the terrorist attacks on 9-11 may have been premature acts that were intended to take place after 2004 and the planned pan-Islamic consolidation in central Asia, a consolidation that would have curtailed the retaliatory possibilities of the United States. This landmark study offers a fresh perspective on how global terrorism will impact the world community and innovative suggestions for redefining terrorism in a framework that will be more successful in mobilising the international community.
