Brand New Book ***** Print on Demand *****.Master s Thesis from the year 2015 in the subject Law - European and International Law, Intellectual Properties, grade: 95,5, Centre International de Formation Europeenne - Nice (CIFE European Online Academy), course: European Law - Informational Self Determination in Cloud Computing -- Data Transmission and Privacy with Subcontractors, language: English, abstract: The paper analyses the constraints of the current European directive on data protection regarding the free and active exercise of the right to informational self-determination in cloud computing with subcontractor chains. The analysis focuses in particular on the personal and geographical scope of the protection of personal data, on the legitimization of data processing under the aspect of data transmission into secure and unsecure third countries with subcontractor involvement. Herein it will be critically analysed whether the options under which it is possible to process personal data, will deliver sufficient privacy security in cloud computing. Furthermore, the paper examines the effectiveness and the consequences of possible legitimization of processing personal data in cloud computing. Also, will be regarded the legitimization options to include subcontractors in complex...
